

THE CARE YOU NEED. THE SAVINGS YOU WANT.

Get both with the Open Access Plus In-network plan from Cigna.

Offering flexible access to thousands of providers – plus programs and services to support your whole health needs – the Open Access Plus In-network (OAPIN) plan is designed to make it easier for you to get the quality care you need and the savings you want.

Here's how it works.

› In-network coverage

When you visit a health care provider who is in the Cigna OAPIN network, you receive in-network coverage and will have lower out-of-pocket costs. That's because our in-network health care providers have agreed to charge lower fees, and your plan will pay for covered services. If you choose to visit a provider outside of the network, you will not have coverage under your plan, except in emergencies.

› No-referral specialist care

A primary care provider (PCP) is recommended, but not required. If you need to see a specialist for any reason, you don't need a referral to see an in-network provider. If you choose to visit a provider outside of the network, you will not have coverage under your plan.

› Care coordination

Our robust medical management program provides you and your family a valuable resource for one-on-one support and guidance to the right programs and services.

› Hospital stays

In an emergency, you have coverage. However, requests for nonemergency hospital stays (other than maternity stays) and some types of outpatient care must have prior authorization or be preauthorized. This lets Cigna determine if the services are covered by your plan. Your Cigna OAPIN network provider will arrange for prior authorization.

› Out-of-pocket costs

Depending on your plan, you may have to pay an annual amount (deductible) before your plan begins to pay for covered health care costs. You may also need to pay a copay and/or coinsurance (a portion of the covered charge) for covered services. Then, your plan pays the rest. Once you reach an annual limit on your payments (out-of-pocket maximum), the health plan pays your covered health care costs at 100% for the rest of your plan year.

If you receive out-of-network care, out-of-network providers and facilities will bill you directly. Those additional costs do not contribute to your deductible or out-of-pocket limits (except for emergency care).

Together, all the way.®

** Not all plans include coverage for behavioral services. Check your plan documents for details. Cigna provides access to virtual care through national telehealth providers as part of your plan. Providers are solely responsible for any treatment provided to their patients. Video chat may not be available in all areas or with all providers. This service is separate from your health plan's network and may not be available in all areas. A primary care provider referral is not required for this service. In general, to be covered by your plan, services must be medically necessary and used for the diagnosis or treatment of a covered condition. Not all prescription drugs are covered. Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. See your plan materials for costs and details of coverage, including other telehealth/telemedicine benefits that may be available under your specific health plan.
